MEMORANDUM FOR: Mr. Warner

25X1

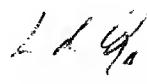

1. [REDACTED] SB Division, called to say that Alan Schwartz, the lawyer for Svetlana, had called him. She has received requests to appear from Sourwine, Senate Internal Security; McNamara, House Committee on Un-American Activities; Edna Kelly, House Foreign Affairs. McNamara was reported to have been very polite and rather mild, saying that after reading the press reports he doubted they were interested as their present study was of religion under Communism and they doubted if she knew enough. Presumably, therefore, this presents no great problem.

2. I told [REDACTED] that you had gotten inquiries from Sourwine and HCUA and had told them that we had no part in this Svetlana affair and that you had alerted Jack Leahy in State. I said we should maintain this position, although if State wants some help we might be able to talk to our good friend, [REDACTED]

3. I cannot think of three more unfortunate invitations for this particular situation.
